

# Health Support Services and PathWest Boards

## Selection criteria for members

### Health Support Services - Shared Services

Expressions of interest are invited from suitably qualified and credentialed persons, including health professionals, who meet at least three of the following selection criteria:

- Significant board experience with a demonstrated understanding of strategy, risk, governance and finance. An awareness of the accountabilities of boards acting in the public interest is also desired.
- Experience in the management of large and complex organisations in a senior role. Prior responsibility for enterprise risk management; or delivery of workforce services in a complex industrial award setting; or ICT/digital service delivery within a shared-services setting is also highly desirable.
- Proven professional experience in one of the following areas: financial management processes; legal; audit and compliance; program delivery; or ICT security and operations.
- Demonstrated understanding and awareness of strategic health issues and WA public sector policies and procedures.

### PathWest Laboratory Medicine WA

Expressions of interest are invited from suitably qualified and credentialed persons, including health professionals, who meet at least three of the following selection criteria:

- Significant board experience with a demonstrated understanding of strategy, risk, governance and finance. An awareness of the accountabilities of boards acting in the public interest is also desired.
- Experience in the management of large and complex organisations in a senior role. Expertise leading major technology or innovation projects with a background in ICT/digital service delivery and leading major transformational projects is also highly desirable.
- Proven professional experience in one of the following areas: pathology; forensic services; clinical and primary health services; clinical governance; legal; or audit and compliance.
- Demonstrated understanding and awareness of strategic health issues and WA public sector policies and procedures.

Applicants based in Western Australia are encouraged to apply.

The WA Government supports gender diversity.
