Awareness of sexually transmitted infections

You can save a PDF of this lesson by printing this page and clicking "Save to PDF"

[Print this lesson](#)

Overview

This lesson aims to provide safer sex education with awareness of STI's, ways of preventing them, and when and how to organise a sexual health check.

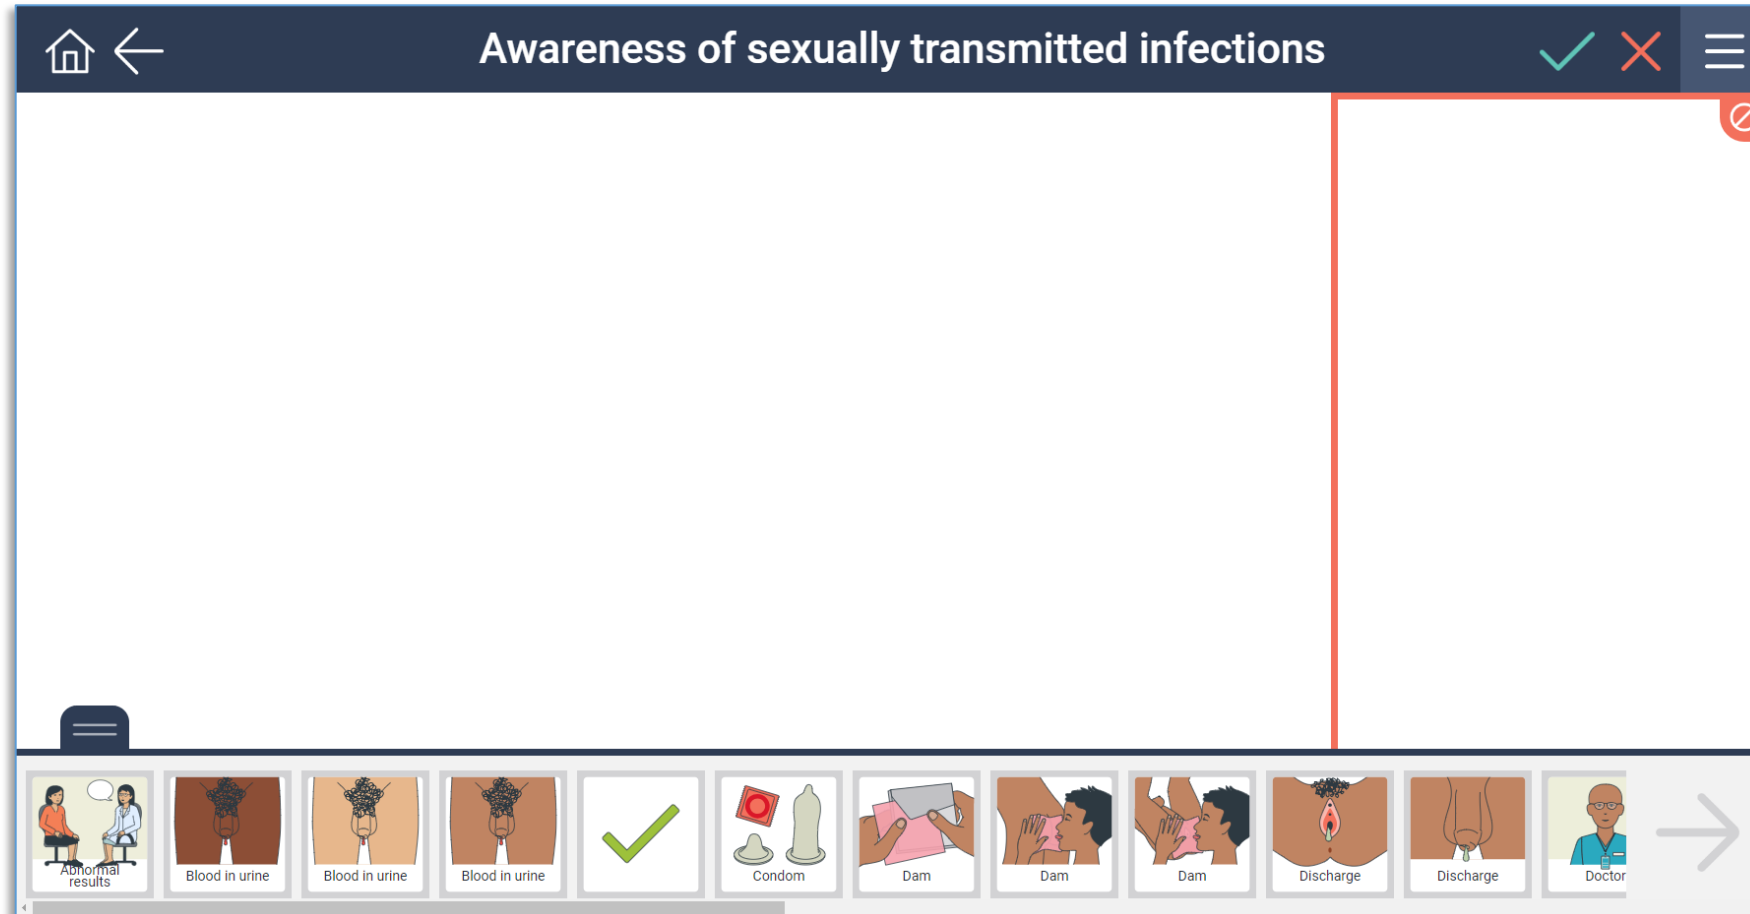

A less detailed version of this lesson is presented in the Early Concepts section. Check back here for new tiles added soon!

Generalisation ideas

- **Condom use** demonstrations on artificial models
- **Turn condoms** into dams
- **Invite a sexual health professional** to talk to a small group

A light beige cloud-shaped graphic with a black outline, containing the word 'New!' in a bold, purple, sans-serif font.

New!

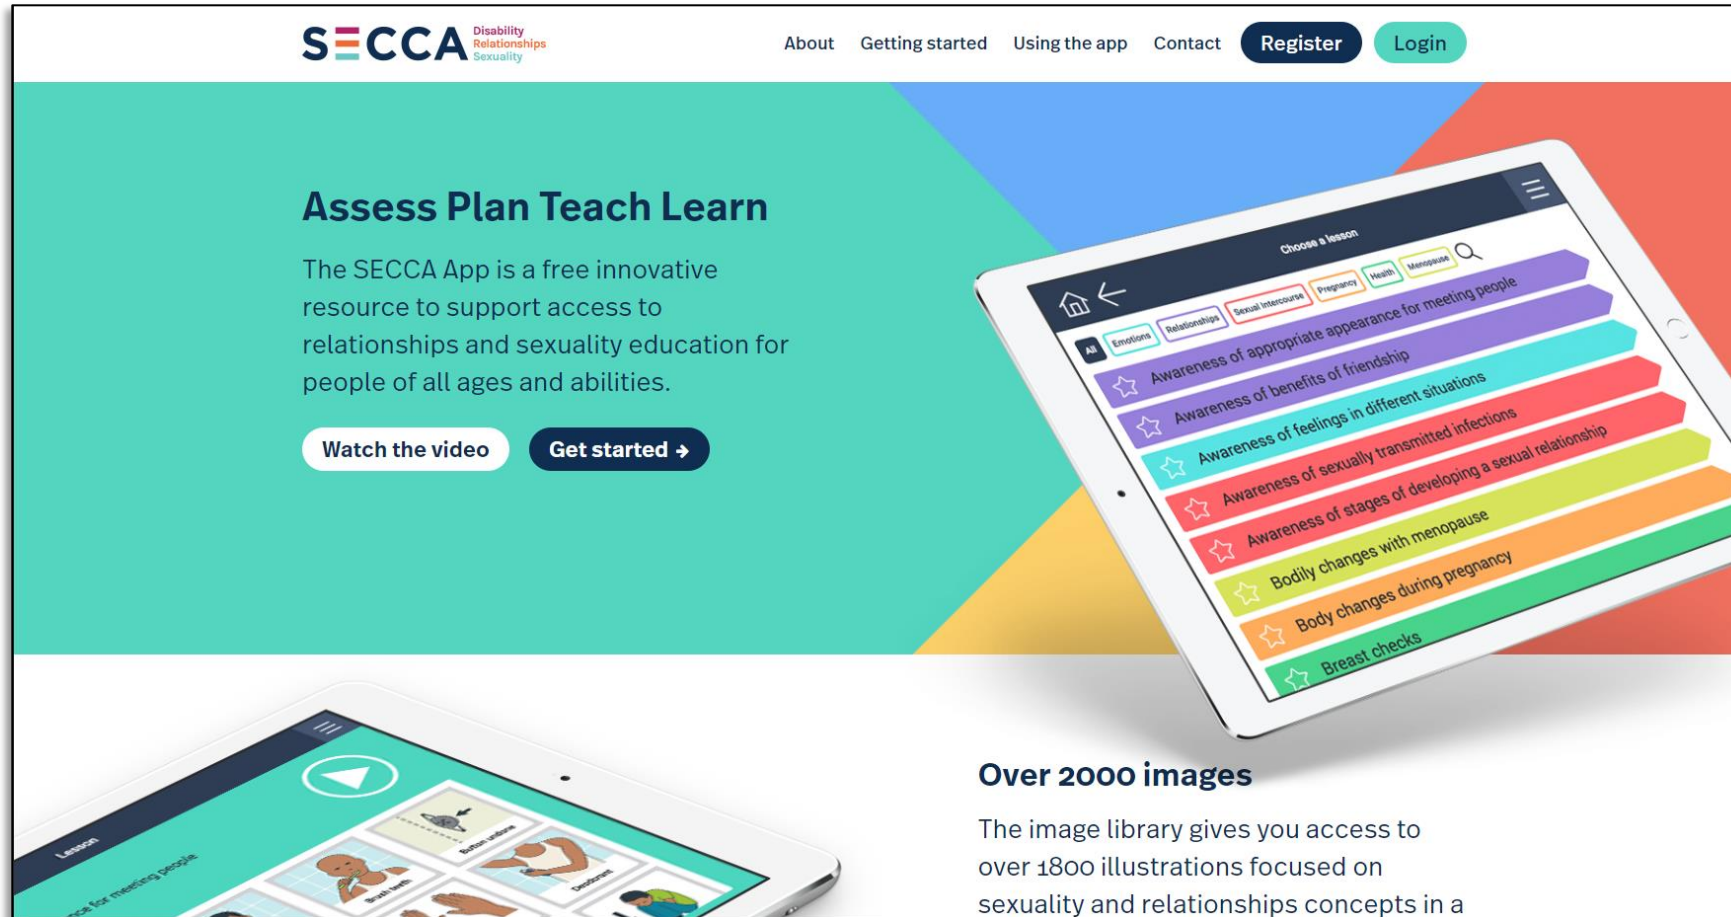

The background of the advertisement features a photograph of a young girl with reddish-brown hair in pigtails, wearing a green school shirt, smiling and holding a small card. In the foreground, there is a black tote bag with the SECCA logo and text, and two boxes of educational cards on a table. The table also has a SECCA logo and some cards laid out.

WEBSITE SUPPORT

The screenshot shows the SECCA website homepage. At the top, the SECCA logo is on the left, and navigation links for 'About', 'Getting started', 'Using the app', 'Contact', 'Register', and 'Login' are on the right. The main content area has a teal background with the heading 'Assess Plan Teach Learn'. Below this, a paragraph states: 'The SECCA App is a free innovative resource to support access to relationships and sexuality education for people of all ages and abilities.' Two buttons, 'Watch the video' and 'Get started →', are positioned below the text. To the right, a tablet displays the app's interface, showing a list of lessons such as 'Awareness of appropriate appearance for meeting people', 'Awareness of benefits of friendship', 'Awareness of feelings in different situations', 'Awareness of sexually transmitted infections', 'Awareness of stages of developing a sexual relationship', 'Bodily changes with menopause', 'Body changes during pregnancy', and 'Breast checks'. At the bottom left, another tablet shows a lesson screen with a play button and various icons.

Assess Plan Teach Learn

The SECCA App is a free innovative resource to support access to relationships and sexuality education for people of all ages and abilities.
