**PART 6 – LEAVE**

25. **ANNUAL LEAVE**

The provisions of this clause do not apply to casual employees.

25.1 Employees shall receive 20 days of paid annual leave, excluding public holidays, for each period of 12 months continuous service.

25.2 An additional 5 days of paid annual leave shall be granted:

(a) To a shift employee regularly rostered to work on Sundays and public holidays.

(b) To a continuous shift worker.

Provided that where an employee is rostered in this manner for only part of the 12 month qualifying period, this entitlement shall accrue at the rate of 3.65 hours of pay for each completed week the employee is continuously so engaged, and this accrual shall be in lieu of the leave accrual granted by subclause 25.3.

25.3 Employees’ annual leave entitlement shall accrue pro rata on a weekly basis, being 2.92 hours pay per week of continuous service, and be cumulative from year to year.

25.4 With the employer’s agreement, an employee may be allowed to take annual leave before it has accrued.
25.5 Annual leave shall be taken at times agreed between the employee and the employer. In reaching such agreement equal consideration shall be given to the needs of the employee and the operational convenience of the employer.

25.6 Employees shall be entitled, after the end of each period of 12 months continuous service and before the completion of the subsequent period of 12 months continuous service, to take annual leave in one continuous period of 4 weeks or in two separate periods of not less than 2 weeks on each occasion.

25.7 If the employer and the employee agree annual leave may be taken in any number of periods of not less than 1 day on each occasion.

25.8 Should any public holidays fall within an employee’s period of annual leave, the holiday or holidays, as the case may be, shall be added to the period of annual leave.

25.9 Employees shall take unused annual leave accrued during a period of 12 months continuous service before the completion of the subsequent period of 12 months continuous service, if required by the employer on the giving of reasonable notice.

25.10 An employee shall be paid when on leave the rate of pay the employee received for the greatest proportion of the calendar month prior to taking the leave.

25.11 An employee shall be paid for each period of annual leave at the time of taking the leave, if the employee so elects.

25.12 The annual base salaries prescribed in this Agreement incorporate a commuted allowance which is in substitution for leave loading. Leave entitlements utilised during the life of this Agreement, including credits accrued prior to the commencement of this Agreement, shall not otherwise attract leave loading.

25.13 Nothing in this Agreement shall prevent an employee, with the consent of the employer, from accumulating and carrying forward any portion of the employee’s annual leave entitlements from one year to the next.

25.14 The employer shall not unreasonably withhold consent for the accumulation of up to 40 days of paid annual recreation leave for the purpose of taking extended leave in a particular year.

25.15 Annual leave shall continue to accrue during periods of annual leave, public holidays, long service leave and authorised sick leave (paid or unpaid) provided that:

(a) In the case of long service leave, only for up to a maximum period of absence of 3 months, but where long service leave on half pay is taken, annual leave shall accrue proportionally over any period of leave which does not exceed the equivalent of 3 months on full pay.

(b) In the case of sick leave, only for up to a maximum period of absence of 3 months.

25.16 Approved periods of absence from work through Workers Compensation shall not interrupt continuity of service, but annual leave shall accrue during the first 6 months only of any such absence.
25.17 Annual Leave Payout or Recovery on Termination.

(a) Any accrued and pro-rata leave which has not been taken shall be paid on termination of employment.

(b) Pro-rata leave shall not be paid where employment is terminated for misconduct or other grounds that justify summary dismissal.

(c) If at termination an employee has taken more leave than has been accrued, the employee shall pay back that leave. The employer may deduct any money owing from the employee’s final pay.

25.18 An employee who works an average of a 38 hour week and who accumulates a rostered day off, shall be required to take one period of annual leave to include a rostered day off duty. The rostered day off duty shall not attract additional pay or leave in lieu of that rostered day off.

25.19 In addition to the leave prescribed in this clause, employees working north of 26 degrees south latitude shall receive an additional five working days annual leave on the completion of each year of continuous service in the region. Annual leave loading is not payable on this additional leave.

Leave Options

25.20 Notwithstanding the terms specified elsewhere in this Agreement, the following leave options are available to employees.

25.21 To exercise one or more of the options specified in subclauses 25.22 to 25.25 inclusive, an employee must make written application in the manner prescribed by the employer.

25.22 (a) In addition to annual leave, at the request of an employee the employer may agree to an arrangement (“the arrangement”) whereby the employee can agree to take a reduced salary spread over the 52 weeks of the year and receive the following amounts of purchased leave:

<table>
<thead>
<tr>
<th>Number of Weeks’ Salary Spread Over 52 Weeks</th>
<th>Number of Weeks’ Purchased Leave</th>
</tr>
</thead>
<tbody>
<tr>
<td>44 weeks</td>
<td>8 weeks</td>
</tr>
<tr>
<td>45 weeks</td>
<td>7 weeks</td>
</tr>
<tr>
<td>46 weeks</td>
<td>6 weeks</td>
</tr>
<tr>
<td>47 weeks</td>
<td>5 weeks</td>
</tr>
<tr>
<td>48 weeks</td>
<td>4 weeks</td>
</tr>
<tr>
<td>49 weeks</td>
<td>3 weeks</td>
</tr>
<tr>
<td>50 weeks</td>
<td>2 weeks</td>
</tr>
<tr>
<td>51 weeks</td>
<td>1 week</td>
</tr>
</tbody>
</table>

(b) Purchased leave will not be able to be accrued, provided that the employee is to be entitled to pay in lieu of purchased leave not taken.
(c) Both the agreement to the arrangement and the time at which the additional leave is taken will be dependent on the operational requirements of the department where the employee works at the particular time.

(d) Unless otherwise agreed between the employee and the employer, an employee who enters into an arrangement under this subclause does so in blocks of 12 months. Further, it will be assumed that, an employee having entered into the arrangement, the arrangement will continue from year to year unless the employer is otherwise notified in writing by the employee.

(e) For the purposes of this subclause and without limiting the meaning of the term, “operational requirements” may include the:

(i) availability of suitable leave cover, if required;
(ii) cost implications;
(iii) impact on client/patient service requirements; and
(iv) impact on the work of other employees.

(f) The portion of the employee’s salary to be forfeited shall be calculated as a fortnightly amount and their fortnightly salary shall be decreased by that amount for the duration of the arrangement.

(g) All annual leave taken during the course of the arrangement shall be paid at the reduced rate.

(h) The additional leave shall continue to accrue while the employee is on leave during the course of the arrangement.

(i) The reduced salary shall be used for all purposes during the course of the arrangement.

(j) The additional leave shall not attract leave loading.

25.23 Double the leave on half pay

Subject to operational requirements as defined in subclause 25.22(e), and with the agreement of the employer, an employee may elect to take twice the period of any portion of their annual leave, including any time in lieu taken as leave, at half pay.

25.24 Less leave, more pay

(a) Unless otherwise agreed by the employer, arrangements under this subclause shall be for periods of 12 months.

(b) Provided that at the commencement of each 12 month block of this arrangement an employee has a minimum of 4 weeks of annual and/or long service leave available to be taken in that year, the employee may choose to forfeit the accrual of 1 or 2
weeks annual leave in favour of receiving additional salary to the equivalent value of the leave that has been forfeited (“the arrangement”).

(c) The increased salary shall be used for all purposes during the course of the arrangement, apart from calculating the contributions to superannuation.

25.25 Deferred Salary Scheme for 12 Months Leave

(a) By written agreement between the employer and the employee an employee may enter into a deferred salary scheme over a 5 year period in which the employee may be paid 80% of their base salary over a 4 year period with the unpaid component accrued over the 4 years and paid out in equal instalments during the 5th year.

(b) For the purpose of this clause, base salary shall include commuted allowances where applicable.

(c) The 5th year will be treated as continuous service but will not count as service for the purpose of accruing leave entitlements

(d) Access to the leave when it falls due shall not be unreasonably refused by the employer but in any case the leave may only be deferred by agreement between the employer and employee.

(e) When deciding whether to support a particular request for this arrangement, the employer will take into account factors such as operational requirements. In order to satisfy operational requirements, the number of employees allowed to work under the arrangement may be restricted at any one time and or the timing of the arrangement may need to be staggered.

(f) By agreement the 4 year accrual period may be suspended. The employee will revert back to 100% of salary or access leave without pay, provided that such non participatory periods shall not exceed 6 months except where longer periods of unpaid leave are otherwise prescribed by this Agreement (e.g. Parental Leave). The commencement of the leave year shall be delayed by the length of the non-participatory period.

(g) Where an employee withdraws from this arrangement in writing, or the employee’s contract of employment terminates for any reason, the employee will receive a lump sum equal to the accrued credit. The payment of the lump sum may be deferred for a period of up to 3 months upon the employee’s request, provided that where the contract has terminated the payment shall be made in their final pay.

(h) Any paid leave taken during the first 4 years of this arrangement shall be paid at 80% of the employee’s base salary.

25.26 It is the responsibility of the employee to investigate the impact of any of the arrangements under this clause on their allowances, superannuation and taxation, and the options, if any, available for addressing these.

26. ANNUAL LEAVE TRAVEL CONCESSION
26.1 Employees who work north of the 26th parallel shall be entitled to an annual leave travel concession, on an annual basis, for recreation leave.

26.2 Provided that the entitlement referred to in subclause 26.1 hereof shall only be available to employees who have worked continuously in the area for 12 months.

26.3 An employee may elect to proceed direct to any point south of the 26th parallel in Western Australia, provided that travel will only be approved to a point not further south than Perth; provided further that where special circumstances exist, approval may be given for the concession to apply to other destinations.

26.4 The concession shall be available in the following manner:

(a) a return air fare for the employee and their dependants to Perth; or

(b) full motor vehicle allowance for the car trip at the rates prescribed in Clause 21 - Motor Vehicle Allowance of this Agreement, provided that reimbursement shall not exceed the cost of a return air fare to Perth for the employee and dependants.

26.5 An employee, who has less than 12 months of service in the abovementioned area and who is required to proceed on annual leave to suit the convenience of the employer, shall be entitled to the provisions of subclause 26.4 hereof.

26.6 Where employees are entitled to a travel concession under this clause, a travel concession covering the cost of airfares or motor vehicle allowance up to a maximum amount equivalent to the value of a return fully flexible and refundable airfare to Perth will be provided for each employee and each of his/her dependants when proceeding on annual leave to a location other than Perth or Geraldton.

26.7 Paid Travelling Time

(a) In the case of travel as described in subclause 26.4(a), one day, each way, travelling time shall be paid for as though worked.

(b) In the case of travel as described in subclause 26.4(b), employees shall be entitled to the following travelling time, paid for as though worked:

(i) employees stationed north of the 20th degree parallel - 2.5 days each way; or

(ii) for the remainder - two days each way.

26.8 The mode of travel shall be at the discretion of the employer.

26.9 A travel concession, not utilised within 12 months of becoming due, will lapse.

27. PUBLIC HOLIDAYS

27.1 Prescribed Public Holidays:

(b) Any additional public holidays proclaimed under Section 7 of the Public and Bank Holidays Act, 1972 (WA) shall be observed as public holidays.

27.2 When a paid public holiday falls on a Saturday or Sunday, the holiday shall be observed on the next Monday.

27.3 When Boxing Day falls on a Sunday or Monday, the holiday shall be observed on the next Tuesday.

27.4 In each case the substituted day shall be a paid holiday and the day for which it is substituted shall not be a holiday.

27.5 Payment for Public Holidays.

(a) An employee not required to work on a day solely because the day is a public holiday shall be paid for the ordinary hours that the employee would have worked as if the day had not been a public holiday.

(b) Payment for holidays shall be in accordance with the usual hours of work.

27.6 All hours worked on a public holiday shall be paid at the rate of double time and a half of the ordinary rate of pay or if an employee chooses, the employee shall be paid at the rate of time and a half of the ordinary rate of pay and time off in lieu credits shall be increased by the equivalent of the time worked.

27.7 Public Holidays Falling on Days Off.

(a) Where a public holiday falls on a rostered day off or a day off duty as prescribed in Clause 10 - Hours of Work and Rostering of this Agreement, a day off shall be observed in lieu of the public holiday at a mutually convenient time.

(b) If a public holiday falls on an employee’s rostered day off or falls on an employee’s day off duty, the employee’s time off in lieu credits shall be increased by the number of hours that would ordinarily have been worked if that day had been an ordinary working day.

27.8 In exceptional circumstances, where an employee so requests and with the agreement of the employer, employee and the relevant Union, time off in lieu credits accumulated under this clause may be paid out.

27.9 When an employee is absent on leave without pay, sick leave without pay or workers’ compensation, any day observed as a public holiday falling during the absence shall not be treated as a paid holiday. If the employee is on duty or available on the whole of the working day immediately preceding a public holiday or on the whole of the working day immediately following a day observed as a public holiday, the employee shall be paid for such holiday.
27.10 A part-time employee shall not be entitled to payment for any public holiday referred to in this clause if not rostered to work on that holiday.

27.11 Nothing in this Agreement shall prevent the Parties from agreeing alternative arrangements for the taking of public holidays.

28. PERSONAL LEAVE

28.1 The intention of Personal Leave is to give employees and employers greater flexibility by providing leave on full pay for a variety of personal purposes. Personal leave replaces sick, carers and short leave.

28.2 Personal leave is not for circumstances normally met by other forms of leave.

28.3 This clause does not apply to casual employees.

28.4 An employee employed on a fixed term contract for a period of twelve months or more shall be credited with the same entitlement as a permanent employee. An employee employed on a fixed term contract for a period less than twelve months shall be credited on a pro rata basis for the period of the contract.

28.5 A part time employee shall be entitled to the same personal leave credits as a full time employee, but on a pro rata basis according to the number of hours worked each fortnight. Payment for personal leave shall only be made for those hours that would normally have been worked had the employee not been on personal leave.

Entitlement

28.6 The employer shall credit each permanent full time employee with 114 hours personal leave credits for each year of continuous service of which 98.8 hours are cumulative and 15.2 hours non-cumulative as follows:

<table>
<thead>
<tr>
<th></th>
<th>Personal Leave Cumulative</th>
<th>Personal Leave Non-cumulative</th>
</tr>
</thead>
<tbody>
<tr>
<td>On the day of initial appointment</td>
<td>49.4 hours</td>
<td>15.2 hours</td>
</tr>
<tr>
<td>On the completion of 6 months continuous service</td>
<td>49.4 hours</td>
<td>0 hours</td>
</tr>
<tr>
<td>On the completion of 12 months continuous service</td>
<td>98.8 hours</td>
<td>15.2 hours</td>
</tr>
<tr>
<td>On the completion of each further period of 12 months continuous service</td>
<td>98.8 hours</td>
<td>15.2 hours</td>
</tr>
</tbody>
</table>

28.7 Where employees access personal leave, it shall be deducted from their non-cumulative entitlement in the first instance.

28.8 In the year of accrual the 114 hours personal leave entitlement may be accessed for illness or injury, carer’s leave, unanticipated matters or planned matters in accordance with the provisions of this clause. On completion of each year of accrual any unused personal leave from that year up to a maximum of 98.8 hours will be cumulative and added to personal
leave accumulated from previous years. Unused non-cumulative leave will be lost on completion of each anniversary year.

28.9 Whilst employees are able to access personal leave in accordance with subclause 28.23, access must be consistent with the Minimum Conditions of Employment Act 1993 (WA).

28.10 In accordance with the Minimum Conditions of Employment Act 1993 (WA) entitlement to paid sick leave, in an anniversary year the number of hours the employee is entitled to use for the purposes of carer’s leave is up to 76 hours of this entitlement.

28.11 Notwithstanding subclause 28.10 of this clause, access to carers leave is not limited to up to 76 hours per anniversary year, where the employee has accumulated personal leave credits in excess of 76 hours.

28.12 Personal leave will not be debited for public holidays, which the employee would have observed.

28.13 Personal leave may be taken on an hourly basis.

Variation of ordinary working hours

28.14 When an employee’s ordinary working hours change during an anniversary year personal leave credits are adjusted to reflect the pro rata portion for that anniversary year.

28.15 At the time ordinary working hours change, personal leave credits are adjusted to reflect ordinary working hours up to that point in time as a proportion of the total ordinary working hours for the anniversary year.

28.16 Personal leave is credited pro rata on a weekly basis from the time ordinary working hours change until the next anniversary date such that total hours credited for that anniversary year is on a pro rata basis according to the number of ordinary working hours for the period.

Reconciliation

28.17 At the completion of an anniversary year, where an employee has taken personal leave in excess of their current and accrued entitlement the unearned leave must be debited at the commencement of the following anniversary year(s).

28.18 The requirements of the Minimum Conditions of Employment Act 1993 (WA) must be met at the commencement of the following anniversary year. The remaining portion of debited personal leave, which exceeds the leave credited, is to be debited at the commencement of the subsequent and where necessary following anniversary year(s).

28.19 Where an employee ceases duty and has taken personal leave, which exceeds the leave credited for that anniversary year, the employee must refund the value of the unearned leave, calculated at the rate of salary as at the date the leave was taken. No refund is required in the event of the death of the employee.

Access
28.20 An employee is unable to access personal leave while on any period of parental leave or leave without pay. An employee is unable to access personal leave while on any period of annual or long service leave, except as provided for in subclauses 28.32 and 28.33 (Re-credited Leave).

28.21 If an employee has exhausted all accrued personal leave the employer may allow the employee who has at least twelve months service to anticipate up to 38 hours personal leave from next year’s credit. If the employee ceases duty before accruing the leave, the value of the unearned portion must be refunded to the employer, calculated at the rate of salary as at the date the leave was taken, but no refund is required in the event of the death of the employee.

28.22 In exceptional circumstances the employer may approve the conversion of an employee's personal leave credits to half pay to cover an absence on personal leave due to illness.

Application for Personal Leave

28.23 Reasonable and legitimate requests for personal leave will be approved subject to available credits. Subject to subclause 28.6 the employer may grant personal leave in the following circumstances:

(a) where the employee is ill or injured;

(b) to be the primary care giver of a member of the employee’s family or household who is ill or injured and in need of immediate care and attention;

(c) for unanticipated matters of a compassionate or pressing nature which arise without notice and require immediate attention; or

(d) by prior approval of the employer, having regard for agency requirements and the needs of the employee, planned matters where arrangements cannot be organised outside of normal working hours or be accommodated by the utilisation of flexible working hours or other leave. Planned personal leave will not be approved for regular ongoing situations.

28.24 Employees must complete the necessary application and clearly identify which of the above circumstances apply to their personal leave request.

28.25 The definition of family shall be the definition contained in the Equal Opportunity Act 1984 (WA) for “relative”. That is, a person who is related to the employee by blood, marriage, affinity or adoption and includes a person who is wholly or mainly dependent on, or is a member of the household of, the employee.

28.26 Where practicable, the employee must give reasonable notice prior to taking leave. Where prior notice cannot be given, the employee must advise the employer as soon as reasonably practicable of the inability to attend for work, the nature of the illness or injury and the estimated period of absence. This advice shall be provided within 24 hours of commencement of the absence, other than in extraordinary circumstances.

Evidence
28.27 An application for personal leave exceeding two (2) consecutive working days shall be supported by evidence that would satisfy a reasonable person of the entitlement.

28.28 In general, supporting evidence is not required for single or two (2) consecutive day absences. Where the employer has good reason to believe that the absence may not be reasonable or legitimate, the employer may request evidence be provided. The employer must provide the employee with reasons for requesting the evidence. The leave shall not be granted where the absence is not reasonable or legitimate.

28.29 Where there is doubt about the cause of an employee's illness, the employer may require the employee to submit to a medical examination by a medical practitioner of the employer’s choice, which the employee must attend. Where it is reported that the absence is because of illness caused by the misconduct of the employee, or the employee fails without reasonable cause to attend the medical examination, the fee for the examination must be deducted from the employee's salary and personal leave will not be granted.

28.30 If the employer has reason to believe that an employee is in such a state of health as to render a danger to themselves, fellow employees or the public, the employee may be required to obtain and furnish a report as to the employee’s condition from a registered medical practitioner nominated by the employer. The fee for any such examination shall be paid by the employer.

Re-crediting Annual Leave

28.31 Where an employee is ill during the period of annual leave and produces at the time, or as soon as practicable thereafter, medical evidence to the satisfaction of the employer that as a result of the illness the employee was confined to their place of residence or a hospital for a period of at least seven (7) consecutive calendar days, the employer may grant personal leave for the period during which the employee was so confined and reinstate annual leave equivalent to the period of confinement.

Re-crediting Long Service Leave

28.32 Where an employee is ill during the period of long service leave and produces at the time, or as soon as practicable thereafter, medical evidence to the satisfaction of the employer that as a result of illness the employee was confined to their place of residence or a hospital for a period of at least 14 consecutive calendar days, the employer may grant personal leave for the period during which the employee was so confined and reinstate long service leave equivalent to the period of confinement.

Personal Leave Without Pay Whilst Ill or Injured

28.33 Employees who have exhausted all of their personal leave entitlements and are ill or injured may apply for personal leave without pay. Employees are required to complete the necessary application and provide evidence to satisfy a reasonable person. The employer shall not unreasonably withhold this leave.

28.34 Personal leave without pay not exceeding a period of three months in a continuous absence does not affect salary increment dates, anniversary date of sick leave credits, long service leave entitlements or annual leave entitlements. Where a period of personal leave without
pay exceeds three months in a continuous absence, the period in excess of three months is excised from qualifying service.

28.35 Personal leave without pay is not available to employees who have exhausted all of their personal leave entitlements and are seeking leave for circumstances outlined in paragraphs (b), (c) or (d) of subclause 28.23. However, other forms of leave including leave without pay may be available.

Other Conditions

28.36 Where an employee who has been retired from the Public Sector on medical grounds resumes duty therein, personal leave credits at the date of retirement shall be reinstated. This provision does not apply to an employee who has resigned from the Public Sector and is subsequently reappointed.

28.37 Unused personal leave will not be cashed out or paid out when an employee ceases their employment.

Workers’ Compensation

28.38 Where an employee suffers a disease or injury within the meaning of section 5 of the Workers’ Compensation and Injury Management Act 1981 (WA) which necessitates that employee being absent from duty, personal leave with pay shall be granted to the extent of personal leave credits. In accordance with section 80 (2) of the Workers’ Compensation and Injury Management Act 1981 (WA) where the claim for workers’ compensation is decided in favour of the employee, personal leave credit is to be reinstated and the period of absence shall be granted as leave without pay.

Portability

28.39 The employer shall credit an employee additional personal leave credits up to those held at the date that employee ceased previous employment provided:

(a) immediately prior to commencing employment in the Public Sector of Western Australia, the employee was employed in the service of:

    (i) the Commonwealth Government of Australia, or
    (ii) any other State of Australia, or
    (iii) in a State body or statutory authority prescribed by Administrative Instruction 611; and

(b) the employee’s employment with the Public Sector of Western Australia commenced no later than one (1) week after ceasing previous employment, and

(c) the personal leave credited shall be no greater than that which would have applied had the entitlement accumulated whilst employed in a State body or statutory authority prescribed by Administrative Instruction 611.
28.40 The maximum break in employment permitted by subclause 28.38 (b), may be varied by
the approval of the employer provided that where employment with the Public Sector of
Western Australia commenced more than one (1) week after ceasing the previous
employment, the period in excess of one (1) week does not exceed the amount of accrued
and pro rata annual leave paid out at the date the employee ceased with the previous
employer.

(d) the employee is formally notified of the duties and these are commensurate with the substantive classification of the employee.

(e) Nothing in this subclause overrides the employer’s obligations under Clause 45 - Introduction of Change of this Agreement.

41.7 Nothing in this clause is intended to limit the employer’s capacity to roster an employee to work at different worksites within a HCU.

41.8 Any dispute concerning mobility and deployment may be addressed through the procedures contained in Clause 50 - Dispute Resolution Procedure.

42. WORKPLACE REFORM

42.1 (a) The parties have implemented the metal/electrical trades national competency standards in accordance with the Competency Standards Implementation Guide (Published June 1996), Metal and Engineering Training Package (National Code Identifier MEM98, published July 1998) and the National Metal and Engineering Competency Standards (published 1996), as issued and endorsed by the MERS ITAB, or subsequent amendments thereto where agreed between the parties. To the extent of any inconsistency between these documents and this Agreement, this Agreement shall take precedence.

(b) The parties shall during the life of this Agreement implement the building trades national competency standards, the structure having been built around and having regard to the metal/electrical trades national competency standards, as described at
subclause 42.1(a), in accordance with Schedule C – Competency Based Classification Structure of this Agreement.

42.2 Competency Based Standards

The Competency Standards shall be implemented on the following basis:

(a) Assessors

(i) An assessment may be undertaken by any accredited assessor recognised, from time to time, by the employer and Union. Such recognition may be withdrawn at any time by either party.

(ii) The employer shall endeavour to ensure that sufficient employees (to include trade and managerial staff employed by the employer) are trained at any time, to meet the assessment requirements of the Area Health Service.

(iii) In the event of the parties being in dispute regarding the employer unreasonably withholding or withdrawing recognition of an accredited assessor employed by the employer, the dispute may be determined through Clause 50 - Dispute Resolution of this Agreement.

(b) Assessment Appeals

(i) In the event of an employee or the employer disputing the outcome of an assessment, the aggrieved party may refer the matter to a Board of Reference, established in accordance with s 48 of the Industrial Relations Act 1979 (WA), for determination.

(ii) The Board of Reference nominees shall consist of an accredited assessor to be nominated by the employer, and an accredited assessor to be nominated by the employee.

(c) An employee shall be obliged to participate in competency based assessment, where requested by the employer.

42.3 The parties may from time to time convene a Working Party to oversee, monitor and discuss any issues, which may arise in regard to the implementation and/or operation of the competency system described at subclause 42.1(a) or 42.1(b). The Working Party may consider the need for recognition of restricted licences for trades exercising associated competencies. Any party to this Agreement may progress this issue to the Western Australian Industrial Relations Commission via the Dispute Resolution Procedure contained at Clause 50 - Dispute Resolution of this Agreement.

43. 12 HOUR SHIFT ARRANGEMENTS FOR PLANT OPERATORS

43.1 12 hour shifts may be worked by Plant Operators.

43.2 Where such arrangements operate, the terms of the arrangement for the working of 12 hour shifts shall be agreed, in writing, between the relevant Union(s) and the HCU(s).
43.3 The overtime provisions of this Agreement will not apply to the ordinary rostered hours of a Plant Operator working 12 hour shifts, except where the hours worked exceed an average of 76 hours per fortnight.

43.4 Time worked in excess of the ordinary working hours shall be paid for at ordinary rates:

(a) If it is due to private arrangements between the employees themselves; or

(b) If it does not exceed two hours and is due to a relieving person not coming on duty at the proper time; or

(c) If it is for the purpose of effecting the customary rotation of shifts.

43.5 The employer and the Union(s) may agree to alternative meal and tea break arrangements to those written into this Agreement, in order to accommodate the 12 hour shift roster. Any such agreed variation shall be incorporated into the written document defining the terms under which the 12 hour shifts will operate.

43.6 On each occasion that the salary rate applicable to Plant Operators varies, the employees affected and the applicable Union(s) shall be notified by the employer, in writing, of the adjusted salary rate to apply to the Plant Operators.

43.7 Any dispute arising from the operation of this clause shall be addressed in accordance with Clause 50 - Dispute Resolution of this Agreement

(b) For the purposes of the election of employee representatives to the Committee and the conduct of the business of the Committee there shall be no distinction made by the Parties between members and nonmembers of the Unions.

(c) The Unions may nominate up to three additional accredited workplace representatives as members of the Committee.

(d) Each Union may each nominate an official to attend meetings of the Committee.

(b) where a public holiday or rostered day off (including a rostered day off as a result of working a 38 hour week) falls during the duration of a course, a day off in lieu of that day shall not be granted.

48.4 The employer is not liable for any expense incurred by the employee when attending trade union training.

48.5 The provisions of this clause shall not apply when an employee is absent from work without the approval of the employer.

49. **RIGHT OF ENTRY**

49.1 An accredited official shall, on no less than 1 days’ prior notification to the employer, or a lesser period where so specified by the Industrial Relations Act 1979 (WA), or as agreed to by the parties, have the right to enter the workplace during working hours, including meal breaks, for the purpose of discussing with employees covered by this Agreement, the legitimate business of the Union or for the purpose of interviewing employees, checking on salary rates, investigating award breaches or complaints concerning the application of this Agreement, or any other industrial matter, but shall in no way unduly interfere with the work of the employees.

49.2 An accredited official shall show the authority issued by the Western Australian Industrial Relations Commission if requested to do so.

49.3 The provisions of this clause shall not limit the authority of the provisions of the Industrial Relations Act 1979 (WA).

49.5 Notice Board

Notice board(s) on which Union notices may be posted shall be provided by the employer in suitable locations.

**PART 9 – DISPUTE RESOLUTION**

50. **DISPUTE RESOLUTION**

50.1 Dispute Resolution Procedure
In order to minimise the effect of any question, dispute or difficulty that may arise between the Parties or between the employer and its employee(s), the following procedure shall be observed.

(a) Where a dispute, grievance or other question arises, the employee(s) concerned shall raise the matter with the appropriate Supervisor or other nominated representative.

(b) If not satisfactorily settled, or in cases where the matter is of such a nature as to warrant the omission of the step detailed in subclause 50.1(a) hereof, the shop steward and/or the employee(s) concerned shall discuss the matter with the appropriate employer representative.

(c) If satisfaction is not achieved, the Shop Steward of the employee(s) shall refer the matter to an appropriate full time official of the Union, who shall discuss the matter with the appropriate representative of the employer.

(d) Each of the foregoing steps shall be followed in good faith and without any undue or unreasonable delay by any party. Three (3) working days shall normally be considered reasonable for the purposes of moving from one to another of each of the foregoing steps.

(e) This procedure shall not apply in the event of any genuine issue involving the safety of the employee(s), or other person.

(f) Throughout the foregoing procedure normal work shall continue. No party shall be prejudiced to final settlement by the continuance of work in accordance with this subclause.

(g) At the employee’s option, a shop steward or another nominated person may also be present at any of the meetings held regarding the dispute, grievance or question.

50.2 Disciplinary Procedure

Where the employer seeks to discipline an employee or terminate an employee the following steps shall be observed:

(a) In the event that an employee commits a misdemeanour, the employee’s immediate supervisor or any other employee so authorised, may exercise the right to reprimand the employee so that the employee understands the nature and implications of their conduct.

(b) The first two reprimands shall take the form of warnings and, if given verbally shall be confirmed in writing as soon as practicable after the giving of the reprimand.

(c) Should it be necessary, for any reason, to reprimand an employee in writing three times within a twelve month period, the contract of service may, subject to the principles of natural justice, upon the giving of that third reprimand, be terminable in accordance with the provisions of this Agreement.
(d) The above procedure is meant to preserve the rights of the individual employee, but it shall not in any way, limit the right of the employer to summarily dismiss an employee for misconduct.

(e) At the employee’s option, a shop steward or another nominated person may also be present at any of the meetings held regarding the dispute, grievance or question.

50.3 Access to the Commission

(a) At any stage of these procedures, either party may refer the matter to the Western Australian Industrial Relations Commission for resolution. However, this shall not occur until such time as the persons involved in the question, dispute or difficulty have made a reasonable attempt to resolve the question, dispute or difficulty.

50.4 Maintenance of Services

(a) The Union(s) recognise that the employer has a statutory and public responsibility to provide health care services without any avoidable interruptions.

(b) The grievance procedure has been developed between the Parties to provide an effective means by which employees may reasonably expect problems to be dealt with as quickly as possible by the employer.

(c) Accordingly, the Union(s) agree that during any period of industrial action, sufficient labour shall be made available to carry out work essential for life support within the employer’s operation’s.

(d) The Parties shall agree, on a HCU by HCU basis, in writing on guidelines on the supply of labour and circumstances in which such labour shall be called upon at each HCU.

The WA Government Health Services Building Services Competency Based Classification Structure shall be given formal recognition through this Schedule.

A primary feature of this classification structure is the integration of trade skills, post trade skills, cross trade skills, dual trade skills and supervisory skills into the classification matrix. The purpose of this integration is to increase productivity and efficiency to make a substantial contribution to the efficiency and effectiveness of service delivery to the WA Government Health Services and provide workers with more varied, fulfilling and better paid jobs, through fundamental reform, including enhancing the career path for employees, and rationalising and simplifying the salary structure.

In doing this, the parties are committed to maintaining the integrity of competency based training and nationally approved competency standards.

3 INITIAL ASSESSMENT

3.1 Employees wanting to have their current classifications reviewed in accordance with this Agreement must lodge an application for assessment in accordance with Attachment 3 of this Schedule, within 6 months of the registration of this Agreement.

3.2 If the Assessment confirms that the employee was performing work warranting a higher classification level, then the new classification will be effective as at the date of this agreement, or where applicable from such later date that the employee commenced carrying out the work of the higher classification.

3.3 Applications for Assessment lodged after 6 months of the registration of this Agreement will not be eligible for the above retrospectivity. Such applications will be processed in accordance with the provisions of Attachment 3 of this Schedule.
4 DEFINITIONS

For the purposes of this Schedule:

‘Accredited Assessor’ - means a person trained and recognised from time to time by the employer and the union. Such recognition shall be as a registered assessor holding a Statement of Attainment or the AQF Certificate 4 - Assessment and Workplace Training.

‘Australian Qualifications Framework’ (AQF) - is a framework constructed for the recognition of training and learning within set fields/trades, which are recognised nationally. AQF Trade Certificate Level 3 is equivalent to BT04 or 100% classification level.

‘Competencies’ – shall be defined as:

(a) ‘Core’ competencies’ shall mean those competencies required for the classification/trade.

(b) ‘Nominated competencies’ shall mean those competencies deemed as required by the employer.

‘Employer Reference Group’ (ERG) – shall mean a representative group of senior engineering staff and industrial/human resources staff, the constituency of which is determined by the employer, who act for the employer in consultation, disputes and negotiations on matters which affect multiple health care units, where those matters arise from or are in connection with the implementation, application or operation of this schedule. The Employer shall determine any limitations on the authority of the ERG to act on its behalf. The ERG may do all things that it considers necessary, within the limits of its authority, in fulfilling this role.

‘Designated Trade’ refers to the trade in which an employee holds a recognised Trade Certificate and is engaged in a role where the particular Trade Certificate is an essential selection criteria for appointment to the position.

‘Industry Accredited Course’ - is a course that has been constructed to reflect a group of industry relevant competency standards endorsed by an Industry Training Advisory Body (ITAB), and recognised in accordance with the provisions of the Training and Employment Act 2000 (Cth).

‘Industry Training Advisory Body (ITAB)’ - shall bear the meaning and functions contained in the Training and Employment Act 2000. An ITAB may act on its own behalf or involve other training organisations such as Registered Training Organisations in the provision of independent expert advice and assistance with dispute settlement. (a) competency standards;
(b) curriculum development;
(c) qualifications;

‘Maintenance’ - means the repair and renovation of buildings and structures necessitating the use of building or labourer skills and/or tools. This definition excludes Construction Work as defined by Clause 3. Definitions of the Agreement.

‘Nationally Accredited Course’ - means a structured sequence of vocational education and training that has been accredited and leads to an AQF qualification or Statement of Attainment.

‘Points’ - means the points allocated upon successful completion of units of competence within a qualification that may lead to the issue of a Statement of Attainment. One point is equivalent to 10 hours of time nominally assigned from the unit/s or element/s of competence undertaken.

‘Recognition of Prior Learning’ (RPL) - means recognition of competencies currently held and used for employers purposes, regardless of how, when or where the learning occurred. Under the Australian Quality Training Framework (AQTF), competencies may be attained in a number of ways. This includes through any combination of formal or informal training and education, work experience or general life experience. 5 CLASSIFICATION STRUCTURE

5.1 The Skill Based Career Structure

Under the classification structure, an employee’s building and construction industry skills, are to be formally recognised by the employer, at all levels. Employees will be eligible to progress through the classification structure as they acquire and are required by the employer to use additional accredited skills. Payment and classification changes will be based on the acquisition and the recognition of skills required to be used by an employer.

5.2 Competency Units and Classification Matrix

(a) For the purposes of this Schedule, the competency units will be consistent with the National Competencies applicable to the industry in Western Australia. The competency units to be utilised for classification determination and career path planning shall be agreed from time to time between the ERG and the Union(s), and shall be published by the ERG.

(b) The Classification Matrix at Attachment 2, defines the points required to progress through the classification structure. When interpreting the Competency Matrix it should be noted that 10 hours of training is equivalent to 1 point.

5.3 Workforce Management

(a) Subject to subclause 5.2(a), the business needs of the employer shall determine the number and type of trade-based staff required.

(b) At all times, the current and emerging business needs of the employer shall determine the skills required beyond the scope of the existing trade qualifications and in the establishment of career paths.

(c) If an employee is required to use skills or competencies that are not already recognised under this structure, the employee shall, as soon as practicable, be assessed against those skills or competencies. If the employee is assessed as competent, the new classification will be recognised from the date of the employee’s application.

5.5 Licensing or Qualifications Matrix

(a) The possession of licenses or endorsements and the requirement to use those licenses or endorsements by the employer are recognised in the Licensing / Qualifications Matrix set out in Attachment 1. The employer shall determine the number of positions required to utilise each type of licence within their Health Service. Any reclassification due to recognition of licenses or endorsements shall be permanent.

(b) To interpret the Licensing/Qualifications Matrix it should be noted that 10 hours of training is equivalent to 1 point. An employee must have a minimum of 12 points (120 hours) before they can be assessed as achieving the next classification level, except to achieve Level 8 or Level 9, where a minimum of 6 points is required.

5.6 Cross Trading

(a) ‘Cross Trading’ is the process of employees carrying out work in non-traditional areas where trades staff are required to perform duties and use skills that are not part of their designated trade. The employer will determine the cross trade competencies required in accordance with the employer’s business needs. The reclassification process provides for classification levels to be determined according to skill levels with higher salaries available to employees who are required to hold and use the nominated higher level competencies.

(b) Employees who wish to progress through the classification structure may be required to multi-skill or cross trade to meet the requirements of higher classifications.

(c) The employer recognises that in some trade areas of the business, the use of cross trade skills is beneficial. Cross trading will be recognised through successful assessment against the nominated competencies in areas outside the employee’s substantive trade or work area.

5.7 Recognition of Post Trade Skills

Recognition of ‘Post Trade Skills’ shall be through a skills assessment. Any employees who hold post trade qualifications and are required to use those skills shall be able to count such competencies toward reclassification. Post trade skills or competencies are to be AQF Level 3 (or above) qualifications.

5.8 Dual Trading

(a) The employer recognises that in some areas of the business, the use of dual trade recognition is beneficial.

(b) During the initial assessments under this classification structure, staff currently required by the employer to utilise dual trades will be recognised. The employee
must be able to provide proof of the attainment of both formal qualifications prior to any reclassification.

(c) Future Dual Trading or Dual Licensing recognition will be dependent on:

(i) a position being available with the employer; and

(ii) the employer having a requirement for employees to utilise skills within more than one trade area.

(d) Dual trades will be recognised by the minimum payment of two additional levels.

(e) The use of this dual trading provision shall not disadvantage any employee who would be entitled to competency recognition through this structure.

5.9 Formal Recognition of Skills

(a) Formal recognition of skills shall occur through either a skills assessment conducted in accordance with Recognition of Prior Learning (RPL) principles, or a statement of attainment issued by a Registered Training Organisation. In respect of occupations requiring licensing, formal recognition of skills will be given by obtaining the required licence through the appropriate State licensing authority.

(b) The Parties shall ensure that the skills assessment is conducted to accurately determine the employee’s core competencies so that the nominated additional skills or competencies required can be formally recognised for the purpose of reclassification.

5.10 Reclassification/Assessment Framework

(a) The employer will fund one assessment per employee in any 12-month period, including any costs of any reassessment (secondary assessment) that is related to the original assessment.

(b) The employee shall apply in writing for an Assessment. The application shall be made using the prescribed form. The effective date of the reclassification will be the date on which the employer received a complete application pursuant to Attachment 3 of this Schedule. The employer will immediately advise the employee if the application is incomplete.

(c) Employees requesting assessment for Cross Trading or Dual Trading or both will be required to make application using the prescribed form.

(d) In seeking reclassification, the employee will be required to demonstrate that the employee meets the full requirements of the specific competency in accordance with the competency criteria outlined in this Schedule and that the employer requires the employee to use those skills.

(e) The employer determines the allocation of work and manner in which work is to be performed. Where the employer determines that an employee is not required to exercise competencies otherwise held by the employee, the employee will be
advised of this in writing. Provided that the employer will not make such determination for the sole purpose of avoiding the reclassification of an employee. Only those skills an employee is required to exercise in the course of employment may be considered in determining the classification level.

(f) Skills and competencies that have already been recognised and have contributed towards a previous reclassification, cannot be used to achieve further reclassification. In determining an employee’s competency based classification, the value of each competency will be optimised to ensure the appropriate classification level is awarded.

5.11 Assessment & Reclassification Process

The Competency Standards shall be implemented on the following basis:

(a) Assessors

(i) An assessment may be undertaken by an agreed accredited assessor who is recognised by the employer and Union. Either party may withdraw such recognition at any time.

(ii) The employer shall endeavour to ensure that sufficient employees (to include trade and managerial staff employed by the employer) are trained at any time, to meet the assessment requirements of the employer.

(b) Assessment Appeals

(i) In the event of a dispute in relation to the outcome of an assessment, the provisions contained in Clause 51. Dispute Resolution of this Agreement will apply.

(ii) If an employee declines to participate in competency based assessment for the Appeals process, the Appeal will be dismissed.

5.12 Assessment Process

The administrative procedures for the lodgement and processing of the Initial Assessment and ongoing Assessments are set out in Attachment 3.

5.13 Career Path and Training

(a) To facilitate career path planning and the training of employees, the employer shall through appropriate consultation, develop a training program consistent with the business needs of the employer relative to:

(i) the size, structure and scope of the activities of the employer; and

(ii) the need to develop vocational skills relevant to the business needs of employer through courses conducted by accredited educational institutions and providers.
(b) Where, as a result of consultation in accordance with this subclause it is agreed that additional training should be undertaken by the employee, that training may be undertaken either on or off the job. Provided that if the training is undertaken during normal working hours, the employee concerned shall not suffer any loss of pay.

(c) Any costs associated with the standard fees for prescribed courses incurred in connection with the undertaking of training pursuant to subclause 5.13(b) of this clause shall be reimbursed by the employer upon the production of written evidence of such expenditure (for example receipts). Ongoing reimbursement shall be subject to the presentation to the employer of reports of satisfactory progress.

(d) Where it is determined for example, through the classification process that an employee is required to perform certain tasks and the employee is not yet competent in that task, the employer shall, as soon as reasonably practicable, provide the necessary training to progress the employee to full competence in the designated task. Such training shall be funded by the employer.

(e) In instances where the employer has paid for an employee to be trained in the use of a particular competency, whether that competency gives the employee an additional level within the Classification Structure or not, the employer may require that employee to use such competency.

5.14 Progression through the Trade Classification Structure

Progression through the Classification Structure can be achieved by one of the following processes:

(a) All certificate trade employees shall commence at the 100% classification level. All licensed trade employees shall commence at the 105% classification level. To achieve this level, the employee must hold an existing AQF level 3 trade certificate, or have been assessed by an accredited assessor as competent in all core and the minimum number of elective competencies for the designated trade, or hold a Tradesman's Rights Certificate, or hold a current full licence in the required trade area.

(b) Employees employed in work areas which do not require a AQF Certificate 3 will not be able to progress past BE04 without formal assessment of competencies by an accredited assessor.

(c) The acquisition of 12 points in addition to the requirements of the employees current level, from the nominated A or B or Dual Band competencies, will enable employees at BT04 and BTO5, advance one level higher than their current classification level.

Nominated Competencies may be drawn from other trade qualifications.

5.15 Progression Payment for Trade Employees

(a) The Progression Payment provides that building trades employees shall be eligible to progress from base trade level after 12 months satisfactory employment with
their respective employer and provided the employer authorises that such employees have complied with the relevant criteria.

(b) The Progression Payment shall be absorbed by any reclassification in accordance with this clause.

(i) Certificate Trades

(1) Employees will be appointed to a BT04 on successful completion of their apprenticeship.

(2) After completion of 12 months service and subject to satisfactory application of competencies, employees at BT04 will be eligible to progress to BT05.

(3) Notwithstanding anything else contained in this clause, an employee with less than twelve months service may apply for reclassification if they can demonstrate they have acquired the requisite competencies required to progress.

(4) If an employee’s level of competence during the first 12 months is regarded as unsatisfactory, the progression may be withheld until a satisfactory level of competence is achieved.

(5) Employees who progress from BT04 to BT05 under this clause must gain 24 points of competence before being eligible to be reclassified as a BT06.

(ii) Licensed Trades

Movement from BT05 to BT06 for licensed trades.

(1) Employees will be appointed to a BT04 on successful completion of their apprenticeship.

(2) Upon receipt and production of a Licensed Tradesperson License which the employee is required to act upon, the employee shall be paid at a BT05 in recognition of the responsibilities undertaken using their licence.

(3) After completion of 12 months service and subject to demonstration of a satisfactory level of competence in the performance of work requirements, employees at BT05 will be eligible to progress to BT06.

(4) Notwithstanding anything else contained in this clause, an employee with less than twelve months service may apply for reclassification if they can demonstrate they have acquired the requisite competencies required to progress.
(5) If an employee does not demonstrate a satisfactory level of competence during the first 12 months of service, the progression will be withheld until a satisfactory level of competence is demonstrated.

(6) Employees who progress under the provisions of this clause, must gain 24 points of competence before being eligible to be reclassified as a BT07.

5.16 Performance Management

The employer’s Performance Management Policy will be initially used to manage instances where an employee does not demonstrate a satisfactory level of competence or does not consistently do so, or does not utilise competencies efficiently, in carrying out work requirements at the level at which they are classified.

Where application of the employer’s Performance Management Policy does not successfully address competence issues as described, Disciplinary Procedures of this Agreement will apply.
