Submission Instructions

Please address the Question provided in relation to the Sustainable Health Review Terms of Reference (listed below). Any attachments must be summarised within the submission.

(Suggested maximum 5 pages)

Terms of Reference

- Leveraging existing investment in Primary, Secondary and Tertiary healthcare, as well as new initiatives to improve patient centred service delivery, pathways and transition;
- The mix of services provided across the system, including gaps in service provision, sub-acute, step-down, community and other out-of-hospital services across WA to deliver care in the most appropriate setting and to maximise health outcomes and value to the public;
- Ways to encourage and drive digital innovation, the use of new technology, research and data to support patient centred care and improved performance;
- Opportunities to drive partnerships across sectors and all levels of government to reduce duplication and to deliver integrated and coordinated care;
- Ways to drive improvements in safety and quality for patients, value and financial sustainability, including cost drivers, allocative and technical efficiencies;
- The key enablers of new efficiencies and change, including, research, productivity, teaching and training, culture, leadership development, procurement and improved performance monitoring;
- Any further opportunities concerning patient centred service delivery and the sustainability of the WA health system.

Public Submissions Question

In the context of the Sustainable Health Review Terms of Reference (listed above) what is needed to develop a more sustainable, patient centred health system in WA?

How come Peel Health Campus details are overlooked?

Does the health needs in that region not matter?
